PROFILE

Passionate and detail-oriented Web developer with a strong foundation in modern web technologies. Recently graduated with a degree in BCA, equipped with hands-on experience in **HTML5**, **CSS3**, **JavaScript**, and popular libraries and frameworks such as **React.js**, **Express.js** and **TailwindCSS**. Eager to contribute to innovative projects and collaborate with cross-functional teams to deliver exceptional digital experiences.

EDUCATION

Bachelor of Computer Application

2020 - 2023

C Kandaswami Naidu College For Men

78.08%

SKILLS

Languages : HTML5, CSS3, JavaScript, SQL

Tools : Git, GitHub, Figma, Canva

Web Development : TailwindCSS, Bootstrap, React.js, Node.js, Express.js, MongoDB, MySQL

PROJECTS

Food recipe application <Link>

- Developed a comprehensive food recipe application utilizing the MERN stack (**MongoDB**, **Express.js**, **React.js**, **Node.js**), showcasing proficiency in both front-end and back-end development.
- Engineered user-centric functionalities including user authentication, **CRUD** operations (Create, Read, Update, Delete), and search/filtering capabilities within the application.
- Focused on delivering a seamless user experience by ensuring intuitive navigation and efficient data management, resulting in enhanced user satisfaction and engagement.

Finance tracker application <Link>

- Developed a finance tracker application using **React.js** for the front end, **Node.js** for the back end, and **MongoDB** for the database.
- The application allows users to manage their expenses, track income, and visualize financial data through interactive react tables.
- Implemented secure user authentication and intuitive UI for a seamless user experience.
